

0. Be prepared for Linux on the next week with a Linux distro ready to use on your computers.

1. Briefly write the relations (based on the similarities and differences) between GNU, UNIX and LINUX terms.

2.

a.) Briefly describe the “file system” term.

b.) Briefly write the relations (based on the similarities and differences) between soft link and hard link terms.

NOTE: Submit your solutions to **utku.yabas@ieu.edu.tr** and **ilker.korkmaz@ieu.edu.tr** as well.
